SHORT RUN BONDS TAX BURDEN WILL ON FINANCIAL PLAN BE WELL DIVIDED

Advances for Agriculture and Railroad Relief Call for Money. Weight to Fall Where the Taxed Is Able to Pay Is New Plan.

(By the Associated Press)
WASHINGTON, Aug. 13.—Issuance of War Finance Corporation short term bonds may begin in the near future if Congress enacts pending legislation to authorize the corporation to make advances for agricultural and railroad relief. A large demand is likely to be made on the corporation for funds, officials said, and it may follow the general policy of the treasury in raising money for its current needs. With authority to issue between \$2,000,000,000 and \$3,000,000,000 of obligations, as congress may finally determine, officials explained the corporation would probably go about obtaining funds as the need arose. Under such a policy, officials declared, the corporation might begin with the issuance of between \$50,000,000 and \$100,000,000 in short term bonds, maturing in 6 months or a year and with interest at the most favorable rate prevailing at the date of issue. At present the rate might be as low as 5-1/2 percent on 6 months paper, it was said, although shifting conditions would make the determination of the interest rate a matter for decision at the last possible moment. As funds were needed for agricultural credits or railroad purposes the corporation could continue issuance of bonds in blocks sufficient to meet immediate needs without flooding the market, it was said. As they matured they could be retired with the repayments from loans advanced by the corporation or by the proceeds of new issues. Although the War Finance Corporation has a balance with the treasury of nearly \$400,000,000, officials are disposed to call on the treasury as little as possible. Presumably, officials asserted, the corporation would only use so much of its account with the treasury as might be necessary for early advances and rely on its own bonds for the bulk of its resources.

(By the Associated Press)
WASHINGTON, Aug. 13.—Repeal of the express tax of one cent on every 20 cents of value was decided upon today by the ways and means committee. The committee also voted to levy a flat tax of \$10 on all retailers of soft drinks and to fix the manufacturers' tax on cereal beverages at 12 cents a gallon in place of the present manufacturers tax of 15 percent on the sale prices. Repeal of the 8 percent tax on the amount paid for the transportation of oil by pipe lines also was voted by the committee. By this action all of the transportation taxes were eliminated.

WASHINGTON, Aug. 13.—An official statement explaining the administrative tax program was issued today at the White House, saying that it was "the aim to establish a plan that would raise the needed revenue within a reasonable time." This would make the collections sure and inexpensive and will properly distribute the burden of the tax among all classes of people. The plan, it is claimed, will show the necessity of repealing the transportation tax and the substitution of the manufacturing taxes for the so called "nuisance" tax, according to a message to the state committees. The war tax reform program contemplates changes from the plan that has been found to paralyze and restrict business. It will encourage to its utmost the resumption and continuance of business by moving every possible chance for evasion and fraud. They will endeavor to place the tax burden among all classes of people, keeping in mind to compose the larger share to those best able to pay.

TWO WILL BE TRIED IN CAR CASE AUG. 26

Preliminary hearing of O. J. Sheers and Joe Brown, arrested recently in connection with the disappearance of a car valued at \$200 belonging to S. H. Nowles of North Beard avenue, will be held before Justice of the Peace H. J. Brown August 26, according to a docket entry made this morning. The men are alleged to have deserted the car in Calvin, where it was later found, when the gas tank became empty and they were unable to borrow money to buy more. The automobile was returned to its owner and the men placed in the county jail upon their inability to make bond. Fred Salmon, a farmer of near Ada, was arrested by deputy sheriffs Friday afternoon and is in the county jail awaiting a hearing August 26 on a charge of assault with intent to rape. The complaint was filed by Vera Salmon, 16, said to be a sister of the defendant. His bond was fixed by Justice Brown at \$1000 but Salmon was unable to furnish bail.

Ozark Trail Branch May Be Put Through County by Boosters

More than \$2,000 has been raised through co-operation of Pontotoc county retailers of gasoline with the Good Roads Motor club, a statement just issued by H. B. Roach, secretary, shows. This revenue came from member garages giving a cent on each gallon of gasoline sold. This money is used in improving roads of the county. Attention of the Lawrence road, in addition to its other work, the Good Roads Motor club will make an effort to route a branch of the Ozark Trail through Stonewall, Tupelo, Centrahoma, Coalgate, and on to Atoka, it is understood. Roads between Stonewall and Tupelo, which are reported to be in bad condition, are expected to offer the only discouraging prospect for the highway. Organization of motorists in Stonewall and Tupelo to secure the Ozark Trail branch is already in progress.

TRUCK DRIVERS DETOUR
HOME OF SICK WOMAN
Truck drivers for contractors on the Ada-Allen road are now detouring the three hundred block on West Sixth street on account of the illness of Mrs. Bingham of 311 West Sixth. Mayor Kitchens asked the contractors to go around with trucks, and the request was granted at once. Noise made by the passing trucks disturbed the woman, doctors said.

NEWSIES TO HAVE FROLIC AT LODGE

Paper Carriers of Ada Will Get Picnic Tuesday Scout Man Says.

All newsboys of Ada, carriers of the Ada News, Daily Oklahoman, Oklahoma City Times, or Dallas News, have been invited to be guests of Ada Boy Scouts next Tuesday night for a visit to the Scout lodge near the old city reservoir, a swim in the lake, and a supper in the open. Announcement of the newsies' picnic was made this morning by Scout Executive Harry W. Miller. The newsboys of the city will hike to the lodge at 6:30 Tuesday evening and after a general picnic, will spend the night in the Scout lodge and eat breakfast there Wednesday morning before returning to the city. All boys who wish to take advantage of the hike and picnic have been asked to come to Boy Scout headquarters and see the executive. A list of what each newsie should take with him for the picnic was announced by Executive Miller. This includes 4 thin slices of bacon, 3 eggs, 8 slices of bread, some sugar, coffee or cocoa, fruit of any kind, and anything else he wants to eat. In addition to this, boys should bring 15 cents for a bottle of milk, a comfort or blanket, and a bathing suit. The hike will start at scout headquarters promptly at 6:30 Tuesday evening and is for "all newsboys, little or big," Mr. Miller said.

AMERICANS GET PERMISSION TO LEAVE RUSSIA

NEW YORK, Aug. 13.—An official announcement that Soviet Russia has granted permission for all American citizens to leave the country today by the soviet minister of foreign affairs in a label message received today by the magazine scout Russia. This is the first official announcement of the guarantee given to Walter R. Robinson of the American relief administration that such permission would be granted.

STRATFORD BOY'S BODY
EXPECTED HOME SOON
STRATFORD, Aug. 13.—(Special)—The body of John Perkins, son of Mrs. J. F. Hervey of Stratford, who was killed in action while operating a machine gun in France, is expected to arrive in Stratford this week, according to a telegram received by Mrs. Hervey. The body will be in charge of the American Legion members of Stratford and Garvin county, and the funeral will be conducted by the ex-service men in full uniform and with military honors.

MEXICO GAINING BY WITHDRAWING FREE PRIVILEGE

(By the Associated Press)
MEXICO CITY, Aug. 13.—The Mexican government, by refusing free gasoline, tires, repairs and garage service to its employees who use government automobiles, hopes to effect a saving of more than \$1,000,000 annually. Several more saved to the government and there will be a still greater saving when all federal employees drawing more than five pesos daily suffer a wage reduction of ten percent. These economies which, it is understood will be made effective shortly, are in line with a program of rigid thrift inaugurated recently by presidential decree. The first step was an order to all department heads to cut their operating forces to the minimum and after July 1 to operate on the budget system, calling for a careful federal audit. This was followed by the imposition of an income tax which is designed to cause "all inhabitants of Mexico to contribute in a small way toward the national benefits which are expected to be derived from the celebration of the country's independence next September." Under decree all persons having daily income of from five to ten pesos are to be assessed one percent but "all laborers and journalists earning two pesos or less are to be exempted from payment."

HIGHTOWER MAY FACE A CHARGE OF NEW MURDER

(By the Associated Press)
SAN FRANCISCO, Aug. 13.—Constable S. A. Landini of Colma, on his return to San Francisco early today from Salinas Beach on the Pacific Ocean, south of here, announced his belief that another body is buried close to the spot where the remains of Father Patrick Healin, murdered Wednesday night, it is believed that this murder will also be placed to William A. Hightower, held in connection with the death of Father Healin, with the outstanding developments looking to the clearing of the mystery.

SAN FRANCISCO, Aug. 13.—Constable Landini said that late last night he and others dug in the sand near the priest's grave but were forced to abandon the search because of a coming fog. He stated that the search would continue when the fog lifted. The new evidence against Hightower is in the form of tent pegs, guy ropes, cinch locks and other articles dug up in the sand around the grave of Father Healin. These tent accessories, according to the police, fit a small tent secretly removed by them from the hotel room of Hightower. The new evidence against Hightower is in the form of tent pegs, guy ropes, cinch locks and other articles dug up in the sand around the grave of Father Healin. These tent accessories, according to the police, fit a small tent secretly removed by them from the hotel room of Hightower.

BERLIN FLOODED BY PETTY CRAFT

Hundreds of "Doctors" Are Living on Credulity of Ignorant Class.

(By the Associated Press)
BERLIN, Aug. 13.—The business of making a living by playing upon the credulity and ignorance of the people, which has been developed into a skillful and lucrative profession in Germany during the past two years, now is practiced by thousands of men and women, the majority of whom are living luxuriously in Berlin, recent investigations have disclosed. The investigations grew out of the unusual number of "mysterious advertisements" which have been appearing in virtually all the provincial newspapers and showed that graphologists, hypnotists, astrologers and "the apostles of personal magnetism" were reaping by financial rewards. There are 500 persons in Berlin engaged in the occupation of interpreting the stars, at a few marks per head and the yare reported very busy. Their clients are drawn from the poorer classes, many of whom cannot afford to buy sufficient food for themselves and dependents and have turned to the fortune-tellers in an effort to learn if the future holds out any hope for them. More than 1,000 persons are making a living here by interpretation of hand-writing, claiming to be able to read character and forecast the future. Many of them are said to be uneducated and hardly able to read any kind of writing. Their customers are chiefly women and girls. Quacks Are Numerous. The "doctors" of hypnotism and "magnetism" recruit their patrons from all classes of society, a large percentage being the rich and the idle who are seeking entertainment, or simply are experimenting. It is asserted that among the students of "hypnotism" there are also many questionable characters, working under the impression that a knowledge of the occult will help them in picking pockets or robbing rich households. A number of charlatans have infringed on old American patents and, after advertising that they have the secret of making a million marks in a few minutes—a secret they will sell from five to 50 marks—and having received the five or the 50 marks they send back the crude formula: "Make it at we do." All of the patrons of the Berlin professional fortune-tellers or "strengtheners of will-power" are not natives, for it has been ascertained that some of the "professors" enjoy a wide reputation and have recruited customers from the wealthy, but "weak" or wanting, of Denmark, Austria, Hungary and Poland.

NEGRO FUGITIVE BACK INTO CELL

Black Who Fled From Road Gang August 1 Did Not Leave County.

Amos Alexander, the negro who bolted from the county road gang near Lawrence on August 1, in spite of the fact that the greater part of his sentence was already served, returned to Ada yesterday and gave himself up to Sheriff Bob Duncan. He had not been outside the county, Alexander said. The negro was returned to the county jail and probably will be required to do extra time in addition to that he missed while taking his "vacation" officers said. Only the day before, Jeff Odom, a white man who left the road gang on the same day that Alexander escaped, was captured at Stonewall and returned to the county jail by Sheriff Duncan. Alexander was doing a stretch of three months and \$250 and Odom was serving on a sentence of six months and \$500. Both were sentenced by County Judge Tal Crawford during the April term of the county court.

MOTHERS ASK FOR KIDDIE CLOTHING

Many Children Depend on Local Red Cross to Attend School.

Urgent appeals for clothing or even material to making clothing for their children have been received in great numbers by the local Red Cross chapters from destitute mothers of Ada within the last week. Mrs. Orville Snead, in charge of the chapter headquarters said this morning. With the opening of city schools only a few weeks off, many mothers are appealing for old shirts or materials of any kind to make blouses for their children. Speaking on these appeals, Mrs. Snead said: "This is the only hope many children have of attending schools this year. This appeal should be considered by young men of the city who have shirts worn out only at the collars and cuffs but which would make excellent stuff for a little shirt or a tiny middle blouse." All such clothes should be sent to Red Cross headquarters over the old Guaranty State bank. A report of activities carried on by the county Red Cross this week shows the following work done: 1 loan made to former service man; 6 claims filed for compensation; 2 Victory medals applied for; 27 services rendered by writing letters, etc.; 1 application for reinstatement of insurance; 1 state aid war certificate received; 1 certificate in lieu of lost discharge of civil war veteran received and pension applied for in behalf of the wife. Civilian Aid Given. Financial relief was given to eight families, 4 visits were made to homes, clothing was given to five families, and other miscellaneous duties performed by the chapter.

FITZTHUGH WILL WORK COTTON BELT HIGHWAY

It has been announced here that citizens of Fitzhugh will spend part of next week working the Cotton Belt Highway stretch which passes through the Chimney hills, at which time 15 or 20 teams will be used. When this work is completed the road through this part of the county will be in excellent condition. The new road around the Lawrence hills has been opened and is nearly completed. This road, which up to this time has been one of the worst leading out of the city, is now in good condition and has greatly changed traffic conditions in this district. Mrs. L. E. Hays and little son, Jack Edward, arrived in the city this morning from Sapulpa to spend the week-end the guests of Mrs. A. Lewis. KLANSMEN SEND \$50 TO AID SICK CHILD (By the Associated Press) CORSCANA, Aug. 13.—A letter containing \$50 and signed "Knights of the Ku Klux Klan, Corsicana Lodge No. 55," was found this morning under the door of a local newspaper office. Instructions in the letter were to deliver the money to a certain child now in the hospital here. The letter bore the official seal of the Klan.

POLICE SPILL 50 GALLONS OF CHOC

Kegs, Bottles, and Cans Yield Up Vast Amount of Yellow Brew.

Fifty gallons of high grade "choc"—wasted. More than \$150 dollars worth of "intoxicating yellow water," was poured out as the result of a police raid in Dark Town late yesterday afternoon. The stuff was found buried in kegs and bottles, under cans, in open kegs setting in a drainage ditch, hidden in weeds, under stoves, behind trunks and in various other places. Police were not satisfied and they believe there is more to be found. These raids are being made often now and during the past few days about 150 gallons have been found and destroyed. The raid yesterday afternoon netted them a larger quantity than ever before. Only Thursday, about 16 gallons were captured. The premises of Will Chance, negro, were visited first. It was here that the first "find" was made. Two gallons were located in his kitchen, a sample of which was brought back to headquarters. Further search revealed a 32 gallon keg, buried in a corner of Chance's barn, with about 25 gallons of excellent "choc" ready for the customers. This supply was destroyed by the pouring out process. From this place the search extended to other parts of the negro district. All search failed to reveal any "choc" on the premises of any other inhabitants, although several kegs, bottles and cans of it were found hidden about the alleys and in weed patches. Another big find was a sixteen gallon keg, which was buried near a creek bank, surrounded by high weeds. Another five gallons was found in an open keg setting in the bottom of a small drainage ditch. Other smaller quantities were hidden in various places. Chance was arrested today on a charge of unlawful possession and fined \$24.75 by Mayor Kitchens. On default of payment of the fine, he was confined to jail. He also faces charges in the county and federal court, it is said, on charges of making intoxicants.

FORTY MILLION GAIN IN STATE VALUATION

OKLAHOMA CITY, August 13.—Oklahoma's assessed valuation, outside of public service corporations and utilities, will reach approximately \$1,438,797,741, according to figures released Friday by the state board of equalization. This is an increase of \$41,037,804 from the 1920 valuation of \$1,397,759,937. There will be a substantial increase in the public service utilities and corporations valuation, it is said, but the figures are not available at this time. Valuations of 74 of the 77 counties in the state have been approved totaling \$1,430,427,749. Two counties not approved have filed valuations amounting to \$13,396,195, and one county not yet filed had a valuation of \$4,970,797 in 1920. The valuation of 33 counties was increased slightly by the board. Oklahoma county with a valuation of \$124,392,001, was first, with Tulsa county a close second with \$117,187,430.

ICE MEN PREVENT ALLEGED ATTEMPT TO HIJACK NEGRO

J. L. Sutton, who was captured by employees of the Ada plant last night following an alleged attempt to kidnap a negro woman, is now in the hands of county authorities. He is said to have attempted the hold up on the Frisco right of way near the plant, but failed to make a success of it because employees of the ice company came to the woman's assistance in response to calls for help. He is said to have used a gun in the attempt, forcing it to her side as an inducement for her to hand over what money or other valuables she possessed. After securing Sutton and his gun, the ice men called the local police who placed him in the city jail. He was turned over to the county authorities this morning, however, and charges will be placed against him this afternoon. PROMINENT MADILL MAN IS KILLED THURSDAY Reports received here today state that A. A. Greenman, prominent citizen of Madill, was shot to death on the main street of Madill late Thursday. The alleged slayer, H. M. Thompson, who gave his home as Woodville, Oklahoma, gave up to Madill officers shortly after the murder and is being held. The cause of the shooting was not announced. Thompson is said to be a leading ranchman and planter in his community. Greenman was 50 years of age.

The WEATHER
Today and Sunday partly cloudy with probable thunder showers.

Let a News Want Ad Get It.

A Mass Meeting Is Called to Meet in the District Court Room Monday, August 15, 8:00 p. m.

All are invited, especially the members of all organizations, The Chamber of Commerce, Lyons Club, The Good Road Motor Club, also the Cemetery Association and the Auxillary of the C. of C.

Let every body come and bring some one else. The welfare and progress of Ada and Pontotoc County will be some of the subjects for discussion.

Just leave old General Gloom and Colonel Gloom behind. The slogan: "Ada the Headquarters for progress and optimism."

Yours Respectfully,

THE GOOD ROAD MOTOR CLUB

By H. B. ROACH, Secretary, G. R. M. C.

We Waste Money!

Approximately 22 Billion Dollars was spent in the United States during the year 1920 on LUXURIES. This startling statement implies that we are a nation of spendthrifts.

What was your contribution to this enormous sum of money that was wasted? If you had saved the Money you spent on Luxuries during 1920, would you be better off today?

Of course you would. Profit by the lessons taught through the Folly of Waste. Start a savings account today.

We Pay You to Save Your Money.

In this bank every dollar is guaranteed under the State Guaranty Law.

Stories of Great Scouts

By Elmo Scott Watson

THE LONG SHOT MADE BY BILLY DIXON

"The old Sharps rifle ended the North American buffalo," once wrote Theodore Roosevelt, the chronicler of the winning of the West, and he might have added that this famous gun helped write "Fins" to the story of the Indian with a few periods of lead.

One of the most remarkable shots ever made with this rifle took place at the Adobe Walls fight in the Texas Panhandle in 1874, when a war party of Kiowas, Comanches and Cheyennes tried to wipe out a little group of buffalo hunters who had their headquarters there. The shot was fired by Billy Dixon, known to the Indians as "Hasta—Long Hair."

After three charges against the stockade had failed to overwhelm the buffalo hunters, the Indians settled down to starve them out. During the siege "Bat" Masterson, one of the hunters, noticed a group of Indians gathered on a hill nearly three-quarters of a mile away. They could be plainly seen, and were evidently talking over some new plan for overcoming the white men when Masterson called Dixon's attention to the group.

"Billy, it wouldn't be a bad idea to break up that little pow-wow over there, would it?" he said.

"Don't know whether the old Sharps is good for it or not, but I'll try it," replied Dixon. He knew the range—approximately 1,200 yards. Fixing the sights of his gun to this range, the scout aimed carefully and fired. The white men saw the conference of the warriors break up hastily and the savages retreat to a safer place.

Dixon served as a scout for General Miles in the campaign against the southern tribes that year, and he was one of the six dispatch bearers who made a heroic stand in an old buffalo wallow against a war party of 125 Comanches and Kiowas. In this fight Amos Chapman, a fellow scout, lost his leg. Although Dixon's shirt front was riddled with bullets, he received only one slight wound. That night he volunteered to go for help and after a perilous trip he brought back a troop of cavalry and rescued his comrades.

For nine years Dixon was a government scout at Fort Elliott, Tex. Then he homesteaded a ranch in the Panhandle, building his log house on the ruins of the old Adobe Walls where he had made his famous shot with the old Sharps. Later he moved to Cimarron county, Oklahoma, and died near the little town of Gresham in 1914.

No Pool Halls There

(By the Associated Press)
SPRING HILL, Aug. 13.—Spring Hill is one of the few Oklahoma towns where pool halls are conspicuous by their absence. Country authorities have forbidden their establishment here.

FITTED LINES AND UNEVEN HEM MARK THIS FRENCH WRAP

This smart winter outfit imported from Paris features a coat of mahogany colored wool velour with fitted lines and a skirt of irregular length at the bottom. The wide shawl collar, band of fur across the lower edge of the front panel, and the cuffs are of Australian opossum. The hat has a sharply upturned brim trimmed with feathers.

"Own Your Home" Successful in Ponca City Dealers Report

(By the Associated Press)

PONCA CITY, Aug. 13.—An "own-your-home" campaign in Ponca City has been successful, according to real estate and building companies here, officials of which declare that 75 percent of all families in this city own their own home, or are now paying for homes in which they live.

Officials of the six housing corporations here declare that 836 new homes have been constructed during the past thirty months, and that each of them is owned by persons who reside in them.

Entire sections of the city have been constructed in that time, and the landlord problem has ceased to exist.

There are a few apartments in the city. Nearly a year ago a contest was started in the city schools, through the efforts of the chamber of commerce, which induced a housing concern to provide cash prizes for the best essays on home owning. During this contest the greatest boom in home building and home owning projects was noticed, the secretary of the chamber said.

Wonderful Scene Filmed

Director George D. Baker, after he had finished making the Cosmopolitan picture, "Buried Treasure," starring Marion Davies which comes to the McSwain theater today, asserts that the scenes taken for this production in Topanga canyon, California, against a background of peaks, outrank anything of the kind yet done in films.

The setting demanded by the script was a Seventeenth century castle in Spain. Mr. Baker says

that when he and Joseph Urban, the famous scenic artist, came on this particular bit of territory in their quest for a site, they saw its rich possibilities but were shy of its wildness. However, the Urban eye cut its way through the growth of centuries and with the help of three Moorish arches and a balustrade he created his effect.

Among the scenes in the picture is a farewell between Marion Davies, the heroine, and her father, the part played by Anders Randolf. This scene, it is said is a screen classic.

Evolution Is Rapid These Days

There never has been a time when conditions changed so quickly—when life bettered itself so consistently—when the inventive turned so readily to new things that better fill old needs.

Ne conveniences and comforts are coming in all the time. And the conditions under which all things are made and sold are subject to frequent alteration.

The rapidity of modern commercial evolution vitally affects us all. And especially it affects the purchasing power of our money.

Whether you buy little or much, in order to buy intelligently, you must keep yourself informed. You must know not only the goods, the styles, the varieties and the price, but you must also know where the goods are to be had.

There is only one way in which you can keep your information up to the minute.

Read the advertisements in this newspaper.

Merchants and manufacturers are advertising in the newspaper for your benefit as well as their own. The advertisements are messages from the business world to you. They tell you what is new in markets and stores. They inform you of all that the world of invention and discovery is doing to make your work easier, your home life more pleasant, your clothing and food problems less difficult.

Read the advertisements regularly!

They won't dare!

From the Laboratory
Thomas A. Edison

Sergei Rachmaninoff, Esq.,
22 East 95th Street,
New York City.

My dear Mr. Rachmaninoff:

Under a contract between yourself and Thomas A. Edison, Inc., dated the 24th of April, 1919, it is provided, in effect, that the royalties payable to you, on various selections, which you have recorded for us, shall continue, only so long as you do not make phonographic recordings of such selections for anyone else.

I shall be very glad to give you permission to record these selections for others, without the loss of royalties under the aforesaid agreement. This will give you the opportunity to record your "Prelude in C Sharp Minor" and other important works, which you have already recorded for us.

Yours very truly,

Thomas A. Edison

Facsimile of letter written by Mr. Edison to Rachmaninoff, the noted Russian composer-pianist.

This letter gives talking-machines the right to record Rachmaninoff in his famous "Prelude in C Sharp Minor," and other compositions which he has recorded for Edison.

Will any of them exercise that right? We fear not—the parallel would be too deadly.

But Rachmaninoff has recorded other

selections for the talking-machines. Hear how they sound. Then come in, hear Rachmaninoff on the New Edison, and see what an astounding difference the comparison reveals.

Do it now—because the experience will help you in

Mr. Edison's \$10,000 Contest - Closes Sept 2

Mr. Edison offers 23 prizes totalling \$10,000 in cash, for the phrases which best express the difference between the New Edison and the talking-machine. Ask for folder of information.

If you wish to experiment with the New Edison in your own home, we will gladly loan you an instrument for 3 days. No charge or obligation. Simply use the coupon.

JOINS FILMLAND DIVORCE COLONY

Agnes Ayres.

Agnes Ayres is the latest motion picture star to play one of the principal roles in a court scene. She has just obtained a divorce from Frank R. Schucker, Brooklyn man, on a charge of desertion. Miss Ayres has appeared in some of the O'Henry films and in Marshall Neilan productions.

celebration of the opening of the Kiowa-Comanche country.

BARTLESVILLE—The women of Bartlesville have formed an "old clothes" organization here, resolving to give all they could to the Near East relief program.

OKMULGEE—In a proclamation in which it was declared union building craftsmen "failed to give an honest day's work for an honest day's pay" the Okmulgee builders' association announced that an open shop policy is contemplated.

MUSKOGEE—Jackson Barnett, wealthy Creek Indian, who recently toured Southern Canada, has announced here he intends to purchase a race horse for training here, in order to have an entry in the Windsor races next season.

MUSKOGEE WOMAN SECOND TO HOLD POSTMASTER JOB

MUSKOGEE, Aug. 13.—Mrs. Otis R. Cureton, who has been designated as temporary postmistress of Muskogee, is the second woman to occupy this office. Miss Alice Robertson, now the only woman member of congress, who recommended Mrs. Cureton, held the office under the Roosevelt administration.

Friends of Mrs. Cureton say the experience she will gain during her temporary term should make the preliminary examinations for a permanent appointment easier for her. She has announced that she will try for the permanent appointment. The examination is to be held September 6.

Mrs. Cureton was born in Danville, Ill. Her first occupation was that of a school teacher. She taught in Indiana, Nebraska and Florida. She was married at Eden, Fla., in 1903. Her husband is a real estate dealer. They have one child, Lee, aged 13.

Mrs. Cureton was chairman of the Wagoner county food campaign and the war savings stamps committee, during the world war, and also served on the county council of defense, and was a member of the executive board of that organization. They moved from Wagoner to Muskogee three years ago, and she became county chairman of the woman's suffrage committee.

U. S. PEACE RESOLUTIONS ADOPTED BY HUNGARY

BUDAPEST, Aug. 13.—Unanimous approval of the peace resolutions adopted by the United States congress early in July has been voted by the Hungarian National assembly.

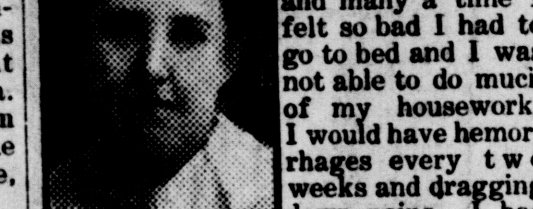

bly. The government has been authorized to negotiate a treaty of peace with officials at Washington.

Mrs. WILLIMAN TESTIFIES

Declares Lydia E. Pinkham's Vegetable Compound to Be the Best Medicine for Girls and Women

Hamilton, Ohio.—"I had such awful pains in my back I could hardly stand on my feet and I was never without a headache. If I walked up town I thought I would drop and many a time I felt so bad I had to go to bed and I was not able to do much of my housework. I would have hemorrhages every two weeks and dragging down pains. I had been feeling badly for three years and had two of the best doctors in the city, but I kept getting worse and only weighed 125 pounds. I saw your advertisement and I took eight boxes of Lydia E. Pinkham's Vegetable Compound Tablets, four bottles Lydia E. Pinkham's Blood Medicine and your Liver Pills and noticed an improvement right away. Now I weigh 188 pounds and feel fine. Everybody tells me how well I look and asks me what I took and I always say, 'Lydia E. Pinkham's Vegetable Compound, the best medicine in the world for any sickness to which girls and women are subject.' I will always have a good word for your medicine and you may use my name whenever you wish."

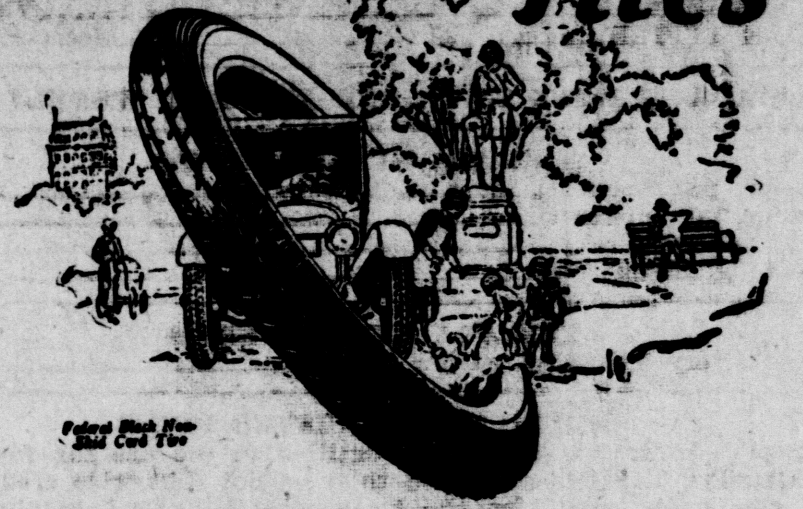

—Mrs. JOSEPH WILLIMAN, 722 South 9th Street, Hamilton, Ohio.

Rebuilding Ada's Electric System

When the present owners of the Ada electric plant took over the property on the first of last September the plant was so heavily loaded with customers that it was unable to meet Ada's demands for electric service and had no reserve capacity with which to meet emergencies.

The present management knew this before the property changed hands. Because of this condition a study on which to base plans for enlargement and improvement was immediately begun.

These plans were soon completed and the work of rebuilding started. Much of this work has now been done, but some of it still remains to be completed.

Naturally, when electric lines are being changed, station equipment altered, new power lines brought in and circuits added to provide better control throughout the city in emergencies, there are apt to be interruptions to service.

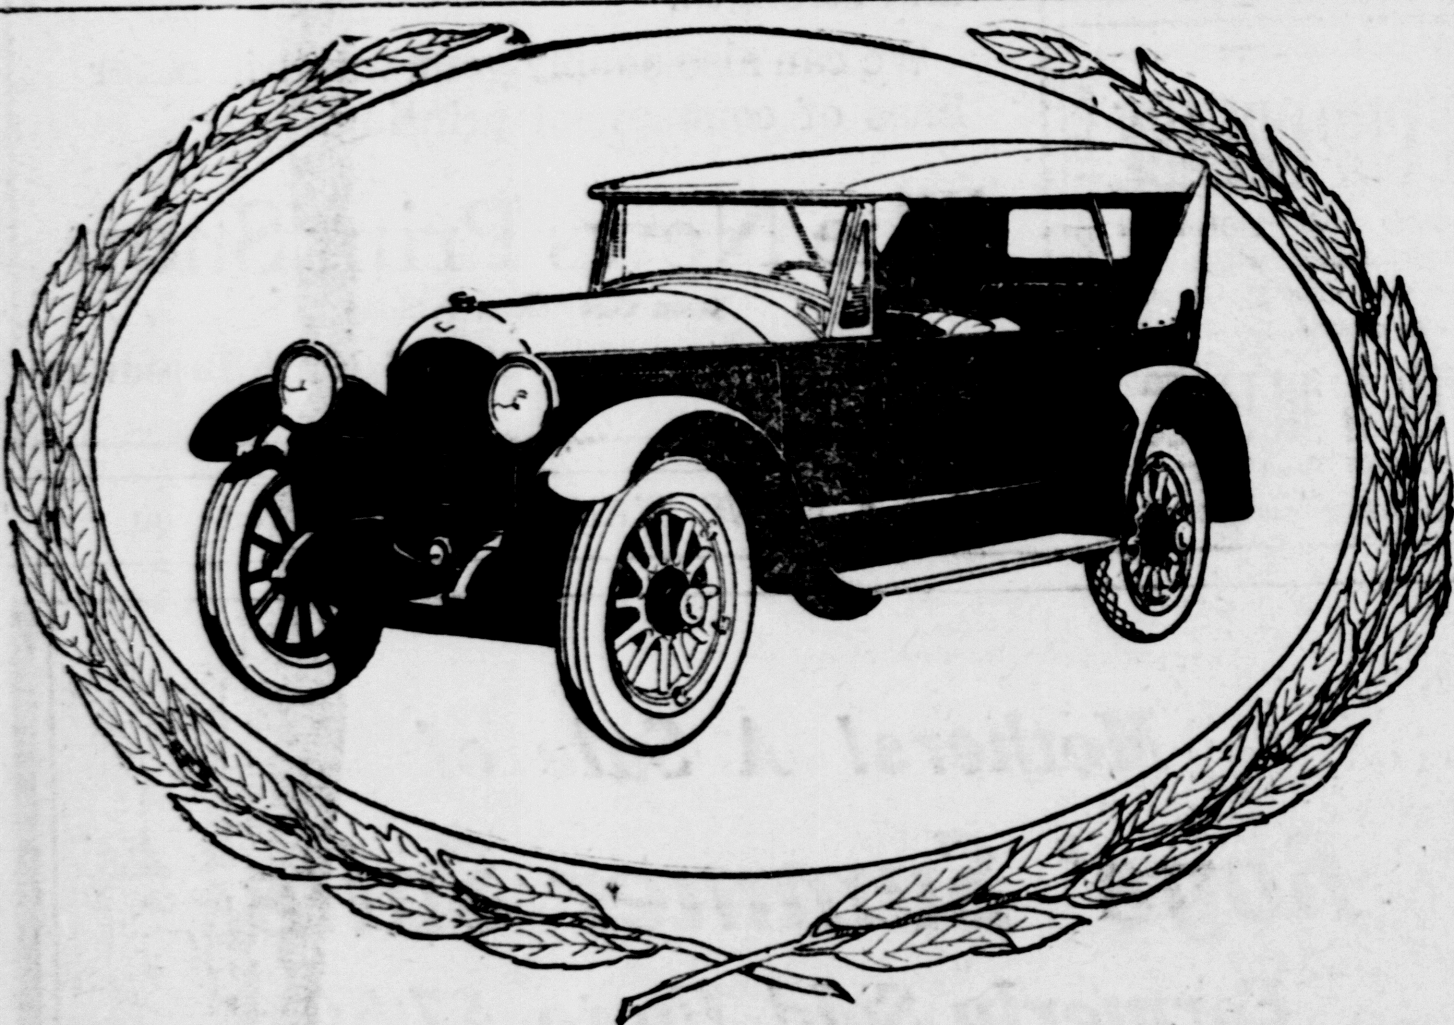

There have been such interruptions during the period of our reconstruction work thus far, and these have been explained in some measure to those customers most affected.

We take this means of thanking the people of Ada for their patience. Also, we shall explain the benefits to the city and our customers to be gained from these improvements.

In our next statement we shall tell what improvements have been accomplished to date.

Oklahoma Light and Power Co.

WILLIAM A. BAEHR, President.

PAIGE

The Most Beautiful Car in America

It is Changing Buying Habits

The Paige 6-66 model is a truly great motor car because it represents a great economic achievement. It means maximum motoring qualities at minimum cost.

It means sane, sensible investment value instead of extravagance. Therefore it has changed, and will continue to change, buying habits in the fine car field of America.

You have but to look about you for the evidence. The boulevards tell the story. For more than 25% of our total sales have replaced cars costing from one to three thousand dollars more than the Paige.

In short, the fine car buyer has grown weary of paying "excess fare." He now cuts his investment in half—and drives the undisputed champion of road and track. Think it over.

Ada's Big Trades Day, July 11th

Opens Second Monday in July With Offerings of Big Bargains

Many requests have come from people in the habit of trading in Ada for a Sales Day once a month, when especially attractive bargains will be offered. This is the announcement of the first Sales Day, to be held Monday, July 11. Read the advertisements, then come to Ada and do your trading and save money. The plan now is to hold a Trades Day the second Monday in each month.

Cooperation

Co-operation is one of the greatest words in the English language. The men and firms advertising in this Sales Day circular believe in working together for the good of the business interests of this city. They believe that by making it attractive for you to come to Ada, you will come. They want your business. They know that to get it they must please you. Hence they want to make Ada a place where you can bring your produce and get a satisfactory price for it, and also a place where you can fill all your needs in merchandising at a saving. In other words, they are co-operating to help and build up their own business. Will you co-operate with them to help yourself and make Ada your trading point?

Free Auctioneer

Everything that exists has a purpose to serve. Whatever you have about your farm that is not serving a useful purpose is needed by some one else. Bring it to ADA on TRADES DAY, Monday, July 11th. The Merchants Association has employed a competent auctioneer that will offer the article you have to the highest bidder and the entire amount received by the sale will be turned over to you.

Horses, cattle, hogs, implements, in fact anything you have of value that you do not need or wish to convert into cash, will be sold for you by the auctioneer FREE OF CHARGE.

Free Band Concert

The Merchants Association has arranged with the Ada High School Band to furnish music during the day.

Mix business and pleasure together during this Trades Day and you will return to your homes feeling better for having attended and with a fixed resolution to always be present on ADA'S SECOND MONDAY TRADES DAY.

COME To Ada's Bargain and Trades Day

We Welcome You
All Ada Welcomes You

THE DATE--MONDAY, JULY 11TH, 1921

We expect the largest crowd in the history of Ada. Thousands of your friends will be here. Come, make our stores your headquarters.

ROADSIDE ADVERTISING

Formerly many business men used to erect little signs along the roadsides advertising their business. As all kinds of advertising help some, this may have effect though commonly the signs got so defaced by weather, and target practice by boys, that they did not give a favorable impression. Nowadays people go so fast in automobiles that they may not read a sign unless it is a large and staring creation that defaces the beauty of the country scenes.

Some farmers think it pays to allow the sides of their buildings to be covered with circus posters or painted notices. In so doing they give valuable advertising for less than it is worth to them. A well painted set of buildings is good advertising for any farmer, but when he allows his walls and roofs to be used in the interest of some other party, he takes attention away from his own product, and diverts it to some other fellow.—The Indian Journal.

BOTH WRONG

El Reno has just accepted its new \$400,000 water system which it claims to be the best in the state. Good for El Reno, for Shawnee has maintained that claim too for almost a year now.—Shawnee News.

Talk about nerve, how is the above for an exhibition? If those two towns on the banks of the North Canadian were a little nearer Ada they would ship in water from our Byrds Mill spring which supplies us with the best water in the state and sell it out at five cents a glass. Better visit Ada, brethren, before you get too chesty about your water supply.

Col. House, who went through the period of reconstruction in the south after the Civil War, says that European countries are in much better shape than was the south. The close of the war found this section devastated by invading armies, the slaves, representing a large part of the wealth of the south freed, its fields lying fallow and its money worthless. As if this was not enough the country was put under martial law, governed by a horde of crooks who robbed under cover of law, and made every effort to crush the south out of existence. Yet the country came back and in a few years became the most prosperous section of the nation. Col. House argues that European nations have far less than had the south to do in order to come back and he sees no reason why with a few years of effort and hard work the war region may not recover its balance and wipe out the effects of the war as far as it is humanly possible.

The Oklahoma Light and Power company is taking the right attitude in informing the public of the work it is doing and the plans for the future. Heretofore public service corporations have assumed a mysterious and oftentimes a "public be damned" attitude. The officers of the Oklahoma Light and Power company are demonstrating their faith in the future of Ada, the reasonableness and good sense of the citizens and a thorough understanding of the new and modern ways of conducting public business. We hope that every person in Ada will read carefully the statements which will come out in the News each Saturday.

Dallas has begun a war on the "jelly beans," the gang of loafers, usually the swell ones, who hang about street corners peering at ladies as they pass, often making complimentary remarks intended for their ears. Something like this has been needed in a good many towns for a long time. A few days in the calaboose to meditate or better still a month on the rock pile is the best argument to be offered these loafers against their violation of the laws of common courtesy and decency.

The Francis Herald cites Sulphur as a town that learned by costly experience what factional fights do for a place and how the town has come back since the citizens learned this lesson and have been pulling together. Sulphur, in early days the most popular resort in the state, was in a fair way to wipe itself off the map in the struggle for supremacy between the east and west sides, but since learning the lesson of co-operation it has regained its old time prestige and the town has come back into its own.

The leaders of congress have agreed to slash off some \$600,000,000 of taxes, but the question is whether or not it will hold appropriations down to a level that will enable the government to run without a heavy deficit that will have to be made up in subsequent years. Naturally the party in power could not go before the country next year with nothing promised in the way of relief from high taxation.

Some of President Harding's admirers say he is a he-man. Come to think of it, he might be just as interesting if he were a she-man.

SECRETARY DAVIS PLAYS DADDY TO A THOUSAND KIDDIES

Labor Secretary Davis photographed with seven of the children at the Moose home.

When not settling strikes and running the department of labor "Jim" Davis, secretary of labor,

continues his work at Mooseheart, Ill., taking care of over a thousand fatherless youngsters

who are kept and educated there by the Loyal Order of Moose, of which Davis is director general.

War Now Impossible Again
Oklahoma News: A bulge browed scientist named Hutchinson, who used to be Edison's chief engineer has invented something that makes war impossible again.

It is a gun eight inches long, which has shot projectiles through three inches of steel. Some toy! He proposes to magnify it or develop it, according to the published reports, to the point of being able to shoot a 5-ton projectile 300 miles with it. This he is quoted as saying will make war so horrible as to be an impossibility.

But shucks! We have aircraft now which can carry a 10-ton projectile 3000 miles and drop it—and that's something still more conducive to fragmentation.

Yet, Hutchinson's gun probably will make war so horrible as to be an impossibility. It became an impossibility when the first man learned to hold a stone in his hand and dash out his foe's brains with it. Humanity couldn't stand that, you remember. And the bow and arrow made war an impossibility. So did the sling.

The spear made it impossible again. And war became an impossibility again when warriors mounted on horses. The same thing occurred when they invented armor. Gunpowder put war quite out of the question, it made it so horrible.

So did the ironclad, and the steam engine. Tanks did it again. Poison gas made it unimaginable, especially when backed up by aircraft. And now Hutchinson makes war an impossibility once more by his gun shooting a 5-ton projectile—perhaps—300 miles.

And yet a good part of the world is at war now, with all these implements matters of history. Bulgaria, or Roumania or Hungary or some other undersized state might tomorrow set the world afire by getting into the war between Greece and the Kemalists Turks, with soviet Russia backing up the confederacy which includes the Turks.

And then what nation has any insurance against being at war before the hell-broth cools?

As long as war is made by men with gray in their beards, lime in their joints, and greed, malice and panic in their hearts and fought out by beardless boys with nothing but sand in their craws, war will go on, unless something new is done to end it, even if new weapons are introduced as far surpassing Hutchinson's gun in horror as it surpasses a pillow fight. It may be impossible, but it will be done.

For two bits the News can rent a house for you. For a dollar it can sell a farm. For five dollars it can get you anything or sell anything. Try it.

TROUBLE IS SEEN IN SENDING FOOD

Terms for Guaranteeing Shipments Into Russia Are Contested.

(By the Associated Press)

RIGA, Latvia, Aug. 13.—Difficulties arose today in the negotiations begun here over the drafting of an agreement guaranteeing the protection of food supplies to be sent into Russia for famine relief. Maxim Litvinoff, soviet representative, raised a number of objections both in the principle and detail to the draft presented by Walker Lyman Brown, the American relief negotiator.

It is not known yet whether the objections will prove insurmountable. The conference continued this afternoon. Meanwhile Litvinoff has telegraphed the soviet tribunals throughout Russia to release all Americans and send them to Moscow.

WATCH YOUR CHICKENS

IS WARNING FROM CITY
If you have chickens running out, you are violating a city ordinance, according to statements made by city officials today, following several complaints made by residents of the city who claim that their neighbors are letting their chickens run out.

Police Chief Gatcher has been asked to look into the matter after which action by the city court will be taken if the warning is not heeded. Chickens are ruining many gardens of the city, it is reported by complaining citizens.

STRATFORD NEWS

(From the Leader)

Mr. Stone, the one-arm man who recently bought the A. B. Forehand farm near Stratford, mysteriously disappeared early Monday morning about daylight. Tuesday was the day Mr. Stone was to wind up the deal for the farm or lose a \$200 forfeit which the Stones had up in one of the local banks.

W. S. McCulloch, who had been sick for several weeks, died at the family residence Thursday morning.

A. P. Gibson and family left this week for a two weeks visit to Hill County, Texas. The trip is being made in their Ford.

Mr. Baker, father of Mrs. Bayless, who had been for sometime at Paris, Texas, returned home Monday.

Stratford went over to Roff last Sunday and defeated that swift ball team to the sweet tune of 10 to 5.

Stop That Itching

If you suffer from any form of skin disease such as Itch, Eczema, Ring-worm, Poison Oak, Old Sores or if your children have some skin trouble, we will sell you a jar of "Blue Star Remedy" on a guarantee that if not satisfied your money will be refunded. Gwin and Mays Drug Co., Ada, Okla.

FREE CUP GREASE

For every ten gallons of gasoline purchased within ten days, we will give FREE one can of cup grease.

Advertising Flag Is Opposed by American Legion Post Abroad

(By the Associated Press)
WARSAW, Aug. 13.—A resolution of protest against use of the American flag for advertising purposes has been adopted by the Warsaw chapter of the American Legion, department of Poland. Members took this action after attention had been called to use of the flag made by some Warsaw merchants in their display windows to advertise American goods.

Legion representatives called upon Major E. E. Farman, military attaché, who said the American authorities here were powerless to take any action. Members of the Legion now propose to call personally upon the merchants and explain that display of the American flag is not permitted in the U. S. for commercial purposes and make a request that the practice be discontinued.

SHE HAS \$100,000 TEA ROOM AFTER FOUR YEARS' WORK

Mrs. J. E. McRee.

Little did Mrs. J. E. McRee think when it came her turn to take a week working at the little tea room which her suffrage association ran in Atlanta, Ga., that she was taking over the making of a \$100,000 business. Mrs. McRee's week lengthened into a whole summer and when the owner of the property wanted to make a business proposition of it and the suffrage association was unwilling to take the responsibility, she shouldered it herself and now has The Daffodil, the largest and best known tea room in the south.

DANISH ROYAL FAMILY VISITS COLONIES IN ARCTIC REGION

King Christian with chapeau, and the queen and entourage passing through triumphal arch in town of Thorshavn. Note moss wound about poles as part of decorations.

The king and queen of Denmark are now on a tour of the Danish colonial possessions which will take them to Iceland and

Greenland. Their visit to those Arctic possessions will be the first made by the royal family in many years. The king and queen

are being royally received at all places. Thorshavn, where the picture was taken, is the capital of the sub-arctic Faroe islands.

GERMAN GEM LEADERS FACING HARD CRISIS

(By the Associated Press)

BERLIN, Aug. 13.—Trade in precious stones has experienced such a slump in the past 12 months that many of the jewel dealers are facing a serious financial crisis, according to Berlin experts who have been investigating the causes of an unusual situation.

The diamond markets are especially threatened, for the men and women who made much money during the war and invested heavily in diamonds, recently have been selling brilliants extensively, while the old families of established wealth upon which the trade once depended, have ceased to buy. It is said 50 to 60 percent of those who bought jewels with war profits in Germany and England have either sold their purchases or offered them for sale within the last few months.

The synthetic diamond, as well as the artificial ruby, sapphire, and spinel, also has invaded the market to the detriment of the trade in legitimate stones, not only because many artificial stones are sold as genuine, but because the artificial jewel is preferred by many because it is less expensive, and often can be differentiated only by the connoisseur.

The business in synthetic stones has grown immensely during the last few years, with Germany and France the principal competitors, and Switzerland a close third. Raw materials for the manufacture of the artificial ruby, which is accomplished by an electrical process, are purchased by Swiss manufacturers from Germany, which has handicapped Switzerland in the race for control of the world market.

MAKING A SMALL PLACE A PAYING PROPOSITION

One of the new suburban homes which is paying its way is that of J. O. Tipton on the outskirts of the city on the Center road. The home is nestled among a score or more of oak trees. All of the twenty-one acres of ground is taken up in fruit trees, grape vines, melons, berries and other permanent means of adding to the family income. This season Mr. Tipton has sold a quantity of melons, small fruits and garden products.

The orchard has been started only a short time, but the trees have some fruit this year and it is of a superior class.

Commercial printing with class is the kind you get at the Ada News Print Shop. Prices are as low as excellent work will justify.

Church and Sunday School

Presbyterian Senior C. E.
Consecration meeting.
Leader: Earl McKendree.
Prelude.
Song service.
Prayer.
Topic: True Temperance in Heart and Life.
Scripture: Thes. 5:4-11.
Hollister reports by delegates.
Solo.
Benediction.
Everybody welcome.

First Christian Church.
Bible school at 9:45. Last Sunday was observed by many as a vacation from the regular services but it is hoped that all will be in their places tomorrow with renewed interest.
The men's Bible class will meet as usual at the American theatre at 9:30. This class is holding up during the summer months better than any class of the school. It has a splendid teacher and one who naturally holds the class, so come and enjoy the hour with us.
During the pastor's absence the pulpit committee will provide speakers for the morning hour and the regular communion services will be observed. Be punctual in attending the Lord's house on the Lord's day.
It is also urged that during the vacation of the pastor that you be prompt in keeping your pledges paid up as the expenses go on just the same and must be taken care of in this way. Let's keep the financial affairs of the church in good condition if our business has to lag.

First Baptist Church.
Our Sunday school meets promptly at 9:45. Last Sunday we had present 351 and Durant had 353. However we had 51 of our regular attendants at Sunday school at the Assembly. Lets "step on the gas" tomorrow and go beyond the 400 mark. We will have a few reports from the Assembly at the Sunday school hour.
The pastor will preach at 11 o'clock. We are exceedingly anxious to have a large congregation at this service.
The B. Y. P. U. will meet at 7 o'clock. In addition to the regular program we will have reports from our messengers to the Assembly. Let all the young people be present.
The pastor will preach an evangelistic sermon at the evening hour. It will be our joy and delight to greet all visitors at any and all our services.
CLYDE CALHOUN MORRIS, Pastor.

Men's Bible Class.
The Men's Bible Class will meet at the McSwain theatre at 9:30. We had 68 present last Sunday and Durant had 65. We are maintaining a small lead over them but we want to go back above the one hundred mark tomorrow. Judge McKeown taught the class last Sunday and we hear splendid reports from the meeting. Mr. Ellison will teach tomorrow. You are cordially invited to be present.
C. C. MORRIS, President, J. T. BRALY, Secretary.

M. E. Church South.
Rev. Jacob Sessums, pastor of the M. E. church, South, at Stratford will preach at both morning and evening services at the First Methodist Episcopal church, South, here Sunday. Rev. R. C. Taylor, local pastor, is in the eastern part of the state assisting in a revival meeting. A good attendance to hear Rev. Sessums is desired.

Presbyterian Intermediate C. E.
Leader—Lynn Cales.
Topic—True Temperance in Heart and Life.
Song.
Prayer circle.
Scripture Reading—I. Thess. 5:4-11—Ora May Kelly.
Song.
What Is Temperance of Heart?—Jack Moore.
What Is One Advantage of Temperance?—Mary Patterson.
Why Must We Not Confine the Word Temperance to Partaking of Strong Drink?—Jack Conn.
How Are Temperance and Self-Control Related?—Elizabeth Wimbish.
How Can a Bad Habit Be Broken Up?—Bartley Meaders.
What Are the Evils of Intemperate Talk?—Charles Case.
What Are the Evils of Intemperate Eating?—Opal Sloan.
Open discussion.
Mizpah.

CAMERON SCHOOL WILL OPEN ON SEPTEMBER 6
(By the Associated Press)
LAWTON, Aug. 13.—The Cameron State school of Agriculture will open its annual session, Sept. 6, according to announcement of its president, A. E. Wickizer.

CLEAN-UP SQUAD WOULD HELP VET

Legion Committeeman Here - to Pave Way and Make - Squad Visit Pay.

Details of the purpose and benefits hoped to be obtained from a statewide tour to be taken by a clean-up squad of War Risk Insurance and Vocational Training experts beginning soon were explained today by Courtland M. Feuguay of Chandler, executive committeeman of the Oklahoma Department of the America Legion, during his visit in Ada. Feuguay is committeeman from the Fourth District of the Legion and stopped here on his way to Sulphur for a vacation.

Unless former service men understand the object and the framework of the plan which the clean-up squad is expected to carry out, the trip will be a complete failure, he said.

"It is the same old red tape," said Mr. Feuguay, "which has always been connected with any kind of government relief since the days of the Revolution but the members of the squad are experts and have the authority to do things on the spot if the rules and regulations are complied with."

"Whenever an ex-service man goes to any department of the government he should have his discharge as it is always necessary to have it to prove not only his service but the condition of his health and service upon his discharge. Then if the ex-service man desires any kind of relief, to reinstate his insurance, get vocational training, procure or increase his amount of compensation, he must have affidavits. Rules require three: first, one by a citizen who knew him before the war; second, one by a citizen who knew him after the war; and third, one from a doctor who can swear to his condition from examining him."

Bring Men in Person
"It is my belief that it would be better for the boys who come in to bring two citizens along with them instead of the affidavits. Then should the form of the affidavits not be correct or the statements not strong enough, new ones can be made on the spot to suit the clean up squad. If the doctors should not prove acceptable, one can be procured locally to make the examination."

While here Mr. Feuguay will also confer with local Legionnaires and arrange to have some member of the Legion present during the two days to assist in getting the claims through and to take the names and conditions of those who cannot get the relief desired and send them in to state headquarters where they will be pushed by the Legion service officer from Oklahoma City in Washington.

Suits for Fall

Bischof Models that reflect the genius of famed style specialists are featured in this special "Fall-time" showing at

\$35 \$50 \$75

Sumptuous creations we call them, for they comprise many novel conceits in finest all-wool suiting fabrics, as well as ornamentalities entirely new and strikingly attractive.

SCOTLAND IS SCENE OF NEW FILM HIT
A double-barrelled love story is told in the latest Goldwyn film release, "Bunty Pulls the Strings," which comes to the American theatre Monday, and which, incidentally, is said to be one of the best things the noted director, Reginald Barker, has produced.

The man who invented a want-ad was on to his job. It is the quick road to results. Try one. Let a News Want Ad Get it.
